

## Singlemode Fiber (9/125) Patch Cords

High quality singlemode (9/125nm) fiber optic cables with LSZH jacket. All patch cords can be ordered as simplex or duplex type, with various connector and length options. All cables are tested, and individual attenuation report is provided with each product.

### Specifications

- Fiber type: singlemode (9/125nm)
- Cable types: Simplex, Duplex
- LSZH jacket (Low Smoke Zero Halogen)
- Connector types: LC, ST, SC, FC (others by request)
- 100% tested, attenuation report included
- 3 years warranty
- Compliant with IEC-61754-20
- Compliant with Telcordia-GR-326-CORE
- RoHS Compliant
- Warranty: 3 years

### Ordering Information

Product Code (*	1st end	2nd end	Fiber type	Standard lengths
NA-1SCSCSM-x	SC	SC	SM simplex	1, 2, 3, 5, 10 m
